

SHORT TRACK NEWS

Nr 1 Season 2026/2027

Start of new season with training camps

We started this season by organizing the 10th edition of our Lux Speed Camp. Almost 40 skaters from clubs in six different countries joined the camp, training on ice twice a day for 5 days. Some even arrived one or two days earlier, while others stayed an extra day to skate.

It was great to see so many skaters back on ice, and all of them had a good time. We wish all of them a successful and enjoyable season!

Next, several of our skaters will participate at the “Oberstdorf Summercamp” (GER) and “Stage international d’excellence” in Font-Romeu (FRA).

We wish them productive training sessions and a great experience as they continue preparing for the upcoming season.

Registration for the 11th LSC is still open: Join us from 11th to 13th of September in Luxembourg. For more information, feel free to visit our website at www.shorttrack.lu for details.

We look forward to seeing you on the ice!
